

Loyalty Club Program Complete Terms & Conditions

1. A member is eligible to receive points for staying at Foundry Park Inn & Spa for his/her guestroom and up to two additional rooms. All rooms must be reserved and registered in the member's name and the member must pay for all rooms, which must be requested at time of hotel check-in. The member must also stay in one of the rooms. To ensure points are automatically posted to member's account, the member's number must be present on his/her guest room folio and up to two additional rooms, as applicable.
2. Charges which do not qualify for points include taxes applied to the room rate, purchase of gift cards & certificates, charges for contracting services, and catering or banquet functions charged to the guest room account.
3. Points will not be earned for a stay made prior to the date the member's application was processed as shown in our records. No retroactive credit will be given.
4. No other person except the member may earn points for his/her account. Points for a room shared by two members will only be awarded to the one member that has the charges posted to their folio and payment made by that member.
5. Point accrual is limited to individual travel and the room must be paid for individually by the member. The member must have an individual room bill that is paid at checkout. If the member attends a convention or group meeting and individually pays Foundry Park Inn & Spa directly for the room, he/she will be eligible to receive points for the stay.
6. Prepaid wholesale rates booked through 3rd party online retailers are not eligible for points, including, but not limited to, Priceline.com, Hotwire.com, Expedia.com, Orbitz.com, Travelocity.com, Hotels.com, etc. Wholesale packages and series tours are not eligible for points.
7. For all "stay" related promotions a "hotel stay" or "stay" means all consecutive nights spent with Foundry Park Inn & Spa by a Loyalty Club member.
